Note: Adjusted Operating Income and Diluted Earnings per Share exclude the non-recurring effects of a restructuring reversal and the loss on the discontinued operations of the Canadian Division. Generally Accepted Accounting Principles require that the effects of these items be included in the Condensed Consolidated Statements of Income. The company believes that excluding these items is an appropriate comparison of its ongoing operating results to other years and that it is helpful to provide readers of its financial statements with a reconciliation of these items to its Condensed Consolidated Statements of Income reported in accordance with Generally Accepted Accounting Principles.
