2015 Actions to Execute Our Strategy

- Implement a common operating and information technology platform for our office products and janitorial/breakroom channels to simplify customer experience and deliver cost savings
 - Implementation in facilities will begin in mid-2015 and cascade into the 1st half of 2016.
 - Incremental costs are expected to be \$15 million in 2015.
 - When completed, will enable lower operating expenses of \$5 \$10 million in the back half of 2016, and \$15 \$20 million on an annual basis thereafter.

Restructuring to effectively and cost efficiently meet customer needs

- Costs related to a workforce reduction and facility consolidations were \$6.4 million in the first quarter of 2015.
 Additional actions will occur later in 2015 for a full year pre-tax charge of approximately \$9 million.
- Cost savings are expected to be \$6 million in 2015 and \$10 million annually beginning in 2016.

Exiting non-strategic channels and categories

 Active effort to sell a non-strategic business, Azerty de Mexico, with a non-cash pre-tax loss of \$13.6 million in the first quarter of 2015. Additional impacts of this sale are expected during 2015 related to transaction costs and foreign exchange volatility.

Communicating purpose, vision and repositioning with a new brand

 Impairment and accelerated amortization of intangibles related to rebranding efforts of \$10.5 million in the first quarter of 2015, and expect a total of \$12 million for the full year.
